WARADE[®]
PackTech
We Believe In Creation

COMPACT DESIGN,BIG PERFORMANCE

Case Erector is a step above of advancement of manual case forming process. It is a solution for forming cartons at high speed to meet soaring demands of either individual or multiple packaging lines. Our highly reliable and durable case erector will eliminate the risk of defaulting and need of co-ordination with multiple contractors; bringing in ease and uniformity in the delivery process and saving a lot of money.

TECHNICAL SPECIFICATIONS

Case Erector	WCE 10	WCE 16	WCE 25
Case Length	250-400		
Case Width	200-280		
Case Height	150-400		
Case Type	RSC,HSC		
Machine Speed (cases/min)	Upto 10	Upto 16	Upto 25
Tape Size	1.5 " ~ 2"		
Air Pressure	4-6 bars		
Temperature	5°C - 50°C		
Vaccum Pump	Optional		

FEATURES

- For various types and sizes of cartons
- Left or Right configuration (Magazine loading)
- Adhesive bottom taping
- Fully Automatic
- High Speed Up To 25 cases/min
- Powered case advancing
- Low and Easy maintenance
- User friendly interface
- Easy integration
- Optimum and Sturdy design
- Tool free changeover
- Spare Management

Wide range of Applications in multiple industries including :

Food and Dairy

Confectionary, Noodles, Pasta, Coffee, Salad Seasoning, Snacks, Dairy Products, Fish, Flour, Animal Feed & many more.

Pharmaceutical

Tablets, Powder, Bags, Blister Packs, Folding Carton, Syrup Bottle & many more.

Logistics / Industry

Granules, Fertilizers, Pesticides, Insecticides, Adhesive, Paint & many more.

FMCG

Soap, Detergent, Personal Care, Hygiene Products & many more.

*Due to continuous research & development process we reserve right to make modification in design / specification in the equipments

Check Weigher

- High Speed & High Accuracy Checkweighers for bags, boxes, cartons, pouches, vials, tins and containers for multiple industries
- Different dosing & weighing technology depending on product characteristics such as gravity, vibratory, belt & screw feed systems.
- Multiple head systems for even higher speed.

Bagger

- Primary bagging solution for all free flowing bulk material
- Secondary bagging solution of random bagging or neat bagging for sachets and pouches into bags
- Semi-automatic & Fully automatic proven solutions available
- Pick-Fill-Seal solution for premade standee pouches

Case Packer

- Primary, Secondary & Tertiary high speed Cartoning systems
- High positioning accuracy with Robotic Case Packer
- Semi & Fully automatic vertical motion cartoning (VMC) positioned in spices, food, confectionary, MCB industry
- Auto Case Erector for LH & RH type cartons
- Inline Carton Erector can be easily integrated with your cartoning machine

Palletizing

- Advanced palletizing technologies - Robotic, Gantry & High level for Bags, Pails, Trays, Tin and Cases
- High adaptability and flexibility of SKUs with Robotic Palletiser
- Affordable Gantry Palletizer for your SKUs
- Peripherals - Compression conveyor, Pallet dispenser & Stretch Wrapper

Conveying Systems

- We provide customized conveyor & material handling solution upto warehousing with track & trace capability
- We excel at various types of conveying systems - roller, belt, slat, accumulation, telescopic, pencil, gravity, screw, pneumatic, vibrating, flexible, spiral, bucket+
- Efficient Integrated system
- Smooth conveying

SPM

- Tube Packing machine for tapered rollers - Winding & unwinding solutions
- Stocker Conveyor for Mitsubishi Gear Hobbing Machine

EPSM

- Does your project require you to engage with multiple vendors either for machines or for engineering services?
- Does adhoc onsite installation create safety and quality issues?
- Does it take a long time to commission the equipment?
- EPSM that is our turnkey service to get away from these problems
- Single point of contact for Engineering, Supply, Procurement & Management
